STAY COOL

and crush your competition with style

DRAGOON

GAMING PC CASE

- 4 ARGB PWM Fans
- Motherboard Compatibility
- ATX PSU Compatibility
- Maximum Air Flow
- Supports 155mm Tower CPU Cooler

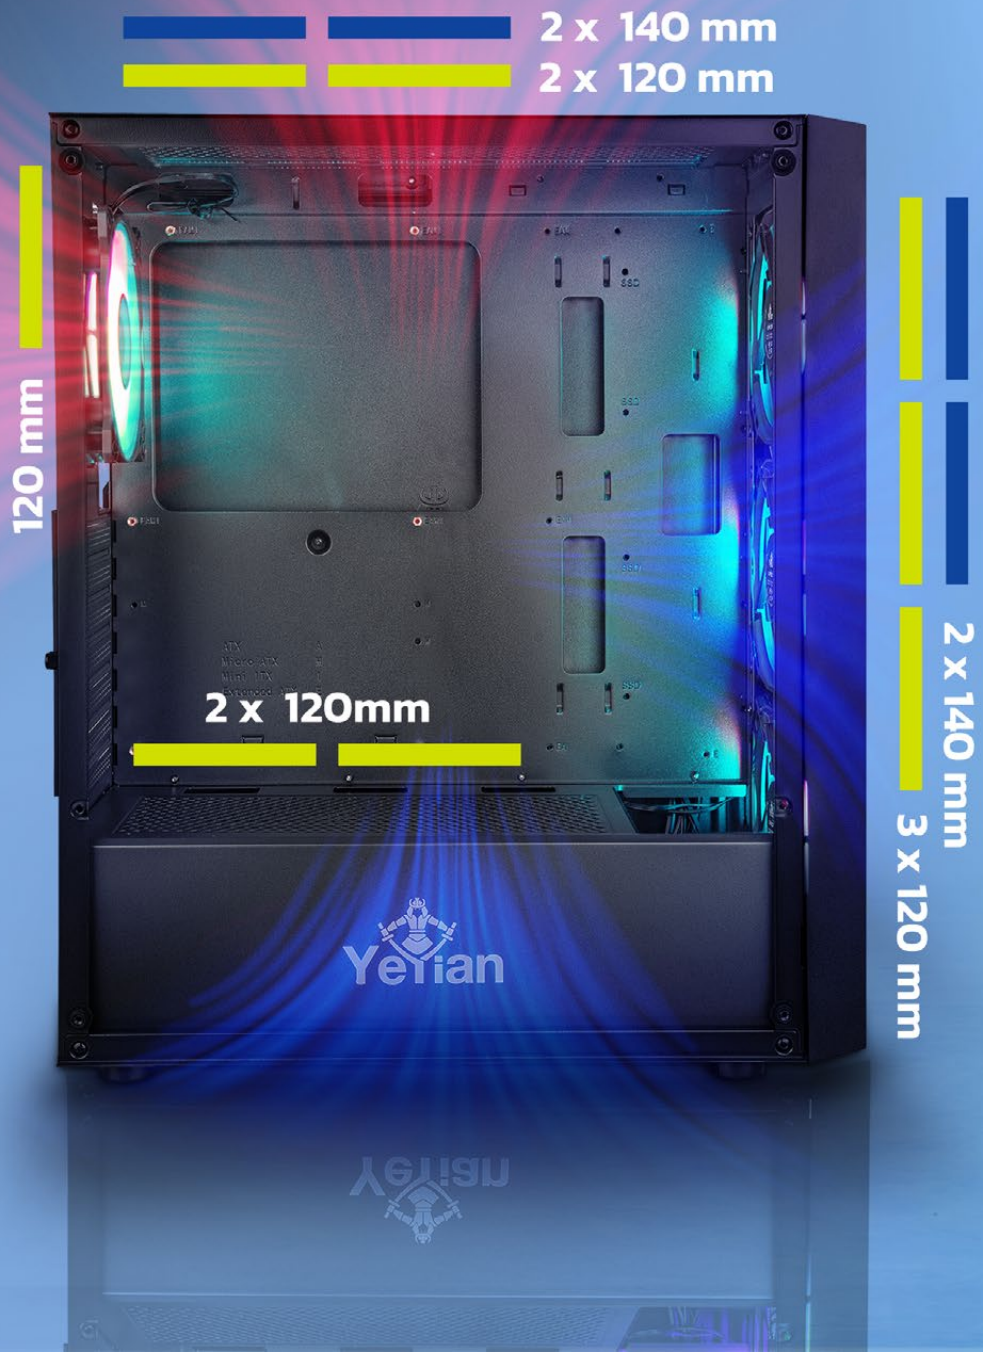
MOTHERBOARD COMPATIBILITY

With support for ATX, Micro ATX, and Mini ITX motherboards, the **Yeyian Gaming PC Case Dragoon** with Mesh Front Panel offers versatility and flexibility. It allows you to choose the motherboard that best fits your budget and needs without being limited by the case. Whether you're building a powerful gaming rig or a compact workstation, a case that supports multiple motherboard sizes can accommodate your build and make it easier to upgrade or modify your system in the future.

- Mini ITX
- Micro ATX
- ATX

OPTIMAL COOLING

The mesh front panel provides superior airflow, with room for three 120mm fans or two 140mm fans. Two additional 120mm or 140mm fans can be inserted at the top, while the power supply shroud features two 120mm fan slots to keep the power supply running efficiently. The rear is equipped with a 120mm fan for additional cooling.

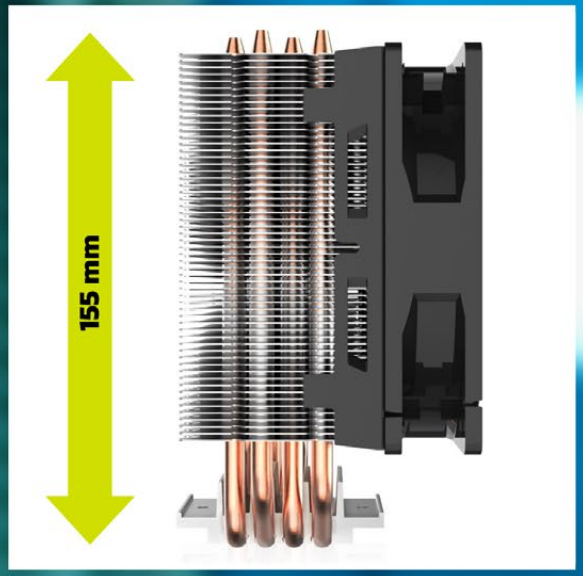


120 mm Fan

140 mm Fan

DESIGN TO KEEP COOL YOUR POWERFUL PC

It can perfectly fit a **155mm tower CPU** cooler for optimal performance.

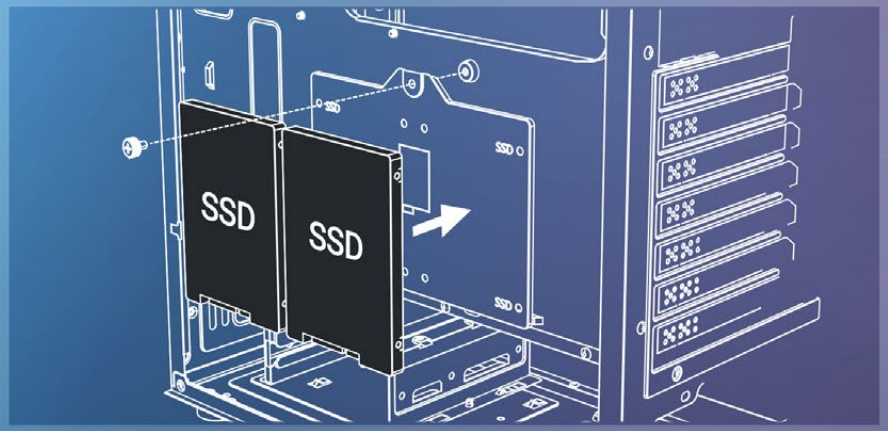


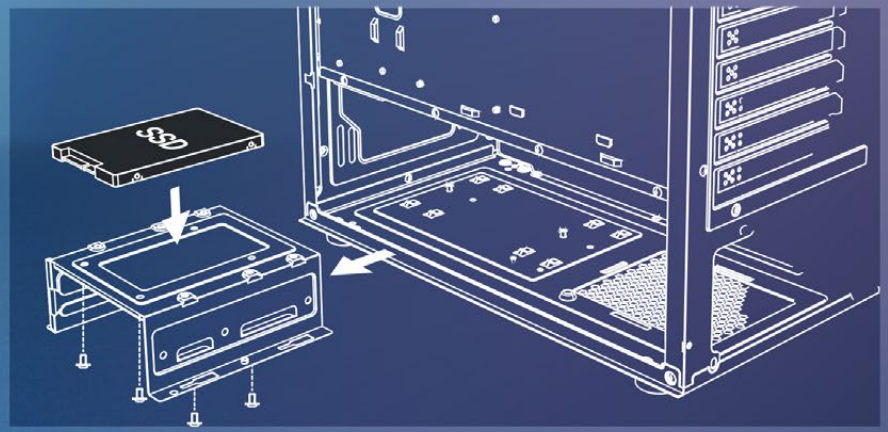
DESIGNED FOR HIGH PERFORMANCE GPUS

The **Yeyian Gaming PC Case Dragoon** supports 3-slot graphics cards with a length of 320-345mm, allowing you to upgrade your graphics card and have plenty of space for high-performance components.

KEEP IT MANAGEABLE

Yeyian's Gaming PC Case Dragoon has space for two 2.5" SSDs and two hidden slots for 3.5"





ELEGANT AND SLEEK

The clear glass side panel not only adds a sleek, modern aesthetic to your gaming setup, but also allows you to showcase your computer's high-end components and RGB lighting. You can easily monitor the performance of your system.

Thanks to the front mesh panel, your gaming computer will have improved airflow and cooling, since it allows a greater volume of air to pass through, which guarantees efficient cooling of your components.

TAKE CONTROL

Yeyian's Gaming PC Case Dragoon comes equipped with four fans (three front and one rear) with PWM and ARGB technology for optimal cooling and impressive lighting effects. Take command with the included remote control, effortlessly customizing lighting effects. Upgrade your gaming setup with this sleek and powerful gaming PC case for the ultimate gaming experience!
