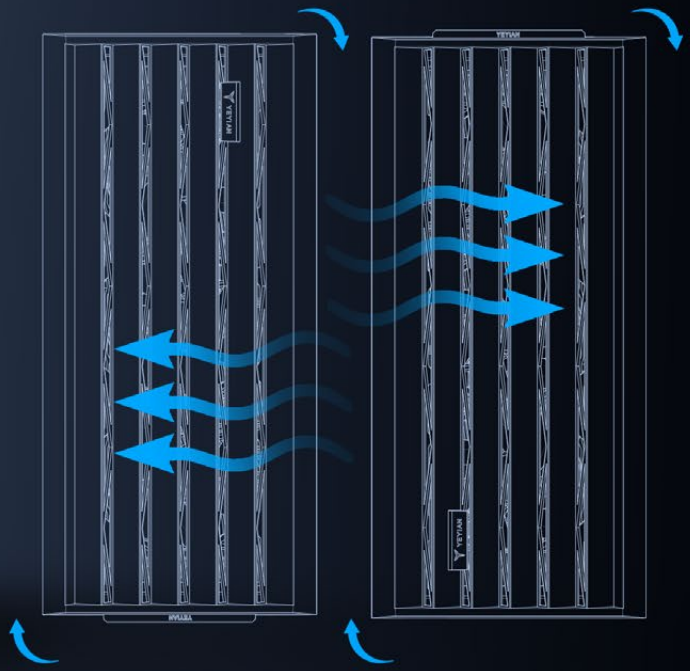
NEW PHOENIX
Gaming PC Case
With Tempered Glass / With Iron Mesh

Custom Air Flow

Interchangeable front panel design allows airflow to face right or left.

This innovative design ensures a dynamic and efficient airflow, guaranteeing optimal cooling even during the most intense gaming sessions. The Phoenix Gaming PC Case takes your gaming rig to the next level, combining functionality, style, and superior cooling performance.



Liquid Cooling Mastery

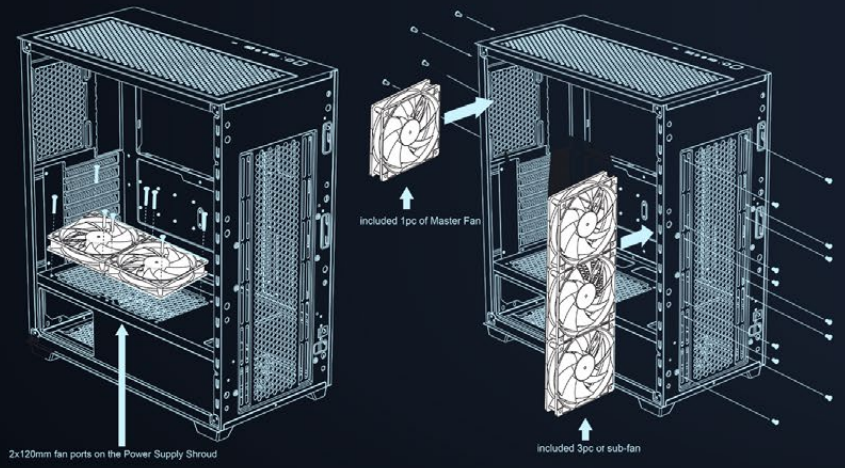
Unleash the full potential of your gaming rig with the Phoenix Gaming PC Case, which stands ready to embrace the latest in cooling technologies. Designed to support liquid cooling solutions of up to 360mm, this case empowers gamers with the flexibility to achieve optimal thermal management for their high-performance setups. Whether you're pushing your system to the limits during intense gaming marathons or engaging in resource-intensive tasks, the Phoenix Gaming PC Case ensures that your components stay cool under pressure.

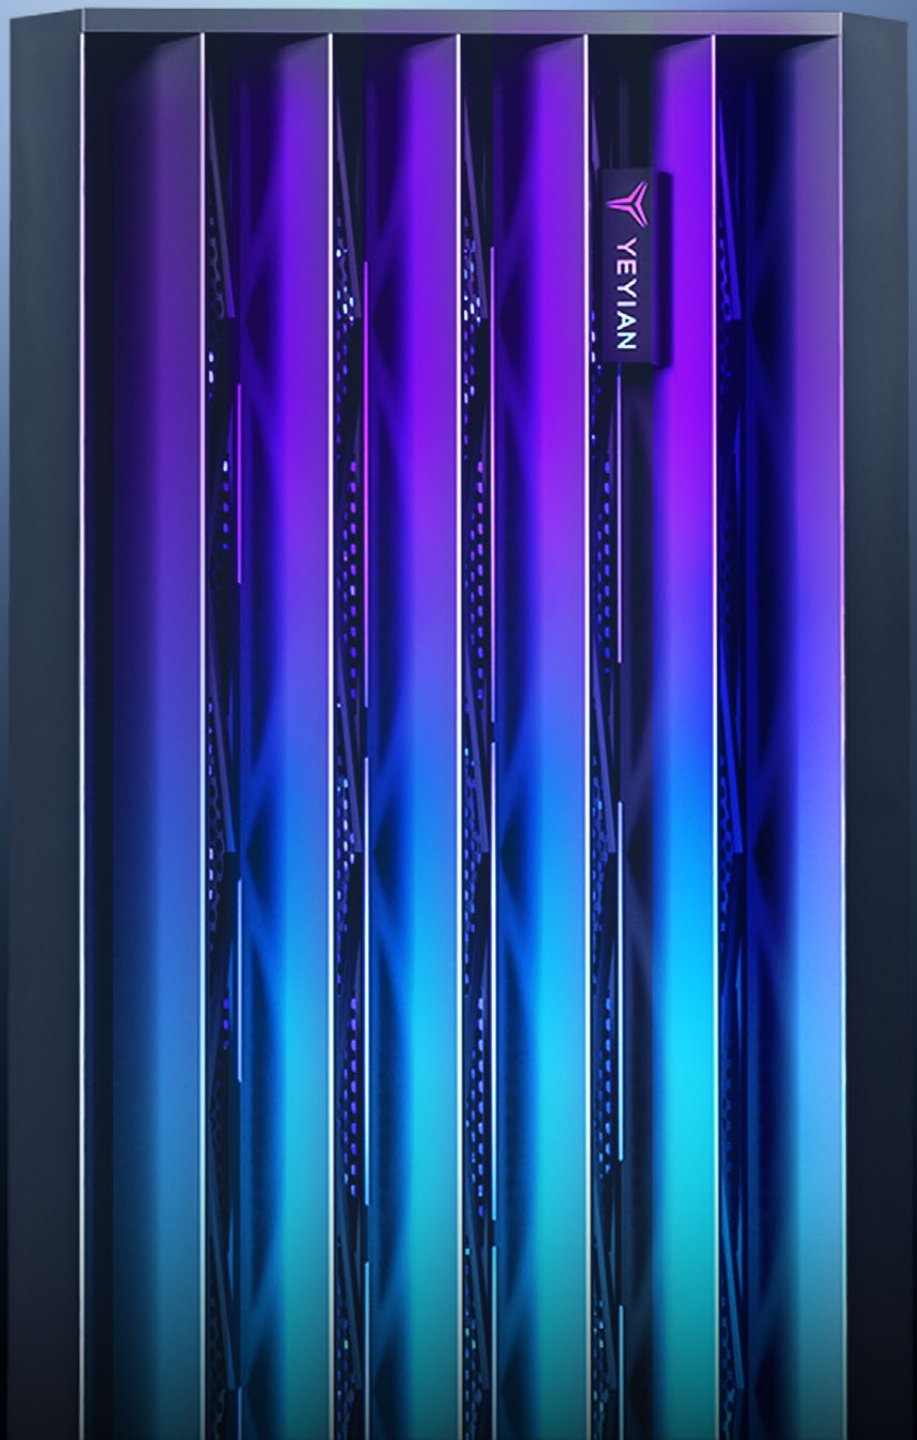
Robust Construction

Crafted from a solid 0.6 mm metal chassis, this case not only radiates durability but also offers a robust and protective enclosure for your gaming components. Designed with longevity in mind, the Yeyian Phoenix ensures that your gaming rig remains safeguarded, allowing you to focus on conquering virtual realms with unmatched performance.

4 ARGB Fans with PWM, equipped to ensure the perfect airflow

Engineered for the most demanding gamers and content creators, this exceptional case is equipped with advanced ARGB fans featuring PWM control. The case showcases a total of three front fans and one on the rear side, providing the flexibility to accommodate up to nine fans in total.





Personalized Lighting Touch

Stand out from the crowd as the ARGB LED logo lighting adds a vibrant and customizable touch to your rig. The dynamic lighting not only adds a visual spectacle but also allows you to personalize your gaming environment. With a spectrum of colors and effects at your fingertips, let your gaming personality shine through. Make a statement, showcase your style, and immerse yourself in a gaming experience that is uniquely yours with the ARGB LED logo lighting of the Yeyian Phoenix.

Crystal Clear Audio Output

Step into a realm of immersive audio experiences with the Phoenix Gaming PC Case. Designed with gamers in mind, this case features an advanced HD audio system that delivers unparalleled clarity and high-quality sound. Whether you're engaged in intense gaming sessions or enjoying multimedia content, the Phoenix PC case ensures that every audio nuance is captured with precision.

Connectivity Hub

Including:

USB Type-A USB 3.2 Gen 1 x2

USB Type-C USB 3.2 Gen 2 x1

Effortless Storage Management

Elevate your gaming and content creation experience with the Phoenix Mid-Tower ATX Gaming PC case. Designed with ample storage options, including up to four internal 2.5" drive bays and two internal 3.5" drive bays, the Phoenix Gaming PC Case provides the versatility and space you need to store your extensive library of games, videos, and creative projects. Whether you prefer the speed and reliability of SSDs or the high capacity of HDDs, the Phoenix Mid-Tower ATX Gaming PC case ensures that you have more than enough storage space to keep up with your demanding workflow.
