OPTIMIZED FOR VICTORY

Level up your gaming rig with the cutting-edge **Raiden 500W Power Supply**. Designed exclusively for gamers, this PSU is equipped with **80 PLUS White efficiency certification**, ensuring that every ounce of power is optimized for your gaming adventures. With **ATX 2.0** readiness, the **Raiden** is primed to seamlessly integrate into your setup, providing uninterrupted power to fuel your gaming prowess. At **500 watts**, it's the perfect choice to handle the demands of even the most resource-intensive titles. Get ready to dominate the virtual realm!

NEVER-ENDING POWER

With a staggering **lifetime of 100,000 hours**, the **Raiden 500W Power Supply** it's not just a component; it's a legacy. Whether you're embarking on epic quests, conquering virtual battlefields, or exploring new worlds, the **Raiden 500W** is there for you every step of the way. Never worry about power failures or interruptions again. This is your gateway to gaming immortality, where Raiden's reliability ensures that you stay in the game, day in and day out. Embrace an endless gaming adventure that knows no limits!

GAMING IN COMFORT

For gamers who demand nothing less than perfection, the **Raiden 500W Power Supply** takes your gaming experience to a whole new level. Featuring a high-performance **120mm fan with 7 fan blades and intelligent temperature-based fan control**, this powerhouse ensures your PSU stays cool under the most intense gaming sessions. Say goodbye to overheating worries and hello to uninterrupted gaming glory. With Raiden's smart cooling, your system remains at peak performance, letting you focus on conquering virtual worlds without a second thought. Get ready for the ultimate gaming power, where Raiden keeps its cool so you can stay in the game.

YOUR SHIELD IN GAMING BATTLES

With **Under Voltage Protection (UVP)**, **Over Voltage Protection (OVP)**, **Over Power Protection (OPP)**, **Short Circuit Protection (SCP)**, **Surge & Inrush Protection (SIP)**, and **No-load Operation (NLO)**, you can rest easy knowing your gaming fortress is secure. These protections ensure that your components are shielded from potential hazards, preventing overheating, voltage fluctuations, and short circuits. The **Raiden 500W Power Supply** commitment to your gaming experience means you can focus on the battles and adventures ahead without a second thought. It's time to level up with a power supply that puts your gaming safety first.

SPECIFICATIONS

Model Number	YFW-50020-01
Form Factor	ATX 12V Ver 2.3
Power	500W
Input voltage	100 Vca- 240 Vca
Current type	Alternate
Input current	10A
Input frequency	50 Hz - 60 Hz
Cable length / reach	4.92 Feet
20+4	17.71 Inches
4+4	19.68 Inches
PCIE 6+2	1 Conector 17.71in
SATA	4 Conectors 13.77in+5.9in
MOLEX	2 Conectors included on the SATA cable +5.9in
Power Cord	4.92 Feet
Output voltage	12v + 5V+ 3.3V + -12V +5Vsb
Output power	500W
Efficiency	80% Meet ErP 2013 Energy Regulation and CE
Protection	Aluminium Electrolytic Capacitors, 120mm Cooling Fan, EPS 12V Standard, Universal AC Input, Active PFC, MTBF 100,000 hrs, OVP, UVP, SCP, OPP, NLO, SIP
Wiring Type	Black, Flat, 6 and 8 pin connectors support any GPU platform , PCI-E Ready
Certifications	80 Plus White CE, FCC, NOM, RoHS
Dimensions	5.5in x 5.9in x 3.3in
Weight	3.7 pounds
Content	Power Supply, User Manual, Warranty
EAN	7500619011617
