ODRAZ 4K MONITOR

EXTREMELY LOW MOTION BLUR

With a response time of just 0.5 milliseconds, experience effortlessly smooth tear-free, low flicker, low latency gameplay with **NVIDIA G-SYNC & AMD FreeSync.**

Low frame rate compensation ensures every frame transitions seamlessly, eliminating unwanted motion blur and image ghosting. Super smooth and crisp action that let you react immediately to what you see on the screen, which is especially suitable for fast-paced games.

THE BEST IN IPS TECHNOLOGY

This monitor includes the latest **IPS technology** to deliver an enhanced viewing experience from a 178° to 178° angle.

IPS panels ensure the best image quality possible no matter the viewing angle, along with the best and most vibrant color display.

Low response times are a must for gamers, and with IPS technology you can experience response times as low as 1ms, as well as insane refresh rates.
