up to
8-CORE | 5.0 GHz | 104 MB CACHE
16-THREAD | 4.2 GHz | 120W TDP

SUPER Fast. SUPER Powered. GeForce RTX 4080 SUPER

Supercharge your PC with the NVIDIA® GeForce RTX™ 4080 SUPER and RTX 4080. Bring your games and creative projects to life with accelerated ray tracing and AI-powered graphics. They're powered by the ultra-efficient NVIDIA Ada Lovelace architecture and 16GB of super-fast G6X memory.

Aerodynamic Brilliance

The **Mirage S 780DC-48SIU** is a mid-tower marvel that showcases an **aerodynamic front panel designed for optimal airflow** and sustained powerful performance. The customized tempered glass design adds a touch of sophistication. Elevating your experience further, the **Mirage S 780DC-48SIU** boasts a robust cooling system featuring a **360mm AIO and six ARGB fans**, ensuring efficient temperature control during intense gaming sessions and creative endeavors.

Speed and Storage Excellence

With **32GB DDR5 6000MHz RGB RAM**, this gaming PC ensures smooth multitasking and rapid data processing, propelling gamers and content creators to new heights. Paired with a lightning-fast **1TB NVMe SSD Gen. 3 storage**, the **Mirage S 780DC-48SIU** not only provides ample space for your expansive game library but accelerates load times, immersing you in your virtual realms with minimal wait.

Optimized Cable Routing

Experience unparalleled cable management with the **Mirage S 780DC-48SIU** and its customized cable routing design. Say goodbye to tangled wires and messy setups as you streamline your gaming rig for optimal performance and aesthetics. With strategically placed cable routing channels, you can easily organize and conceal cables for a clean and clutter-free build. Whether you're a hardcore gamer or a content creator, the **Mirage S 780DC-48SIU** ensures that your system not only looks sleek but also performs at its best, allowing you to focus on what matters most: dominating the competition and unleashing your creativity.

Customized cable routing design

Powering Your Odyssey

Empower your gaming and creativity with the **Mirage S 780DC-48SIU Gaming PC**, backed by a robust **850W 80 Plus Gold power supply**. Engineered for high-performance gaming and content creation, this gaming PC ensures a stable and efficient energy flow, providing a reliable foundation for your digital ventures. The **80 Plus Gold efficiency** enhances overall system performance to cosmic excellence. With the **Mirage S 780DC-48SIU Gaming PC**, elevate your gaming experience and creative output, knowing that a robust and efficient power supply stands at the core.

With Windows 11 the perfect setup awaits you

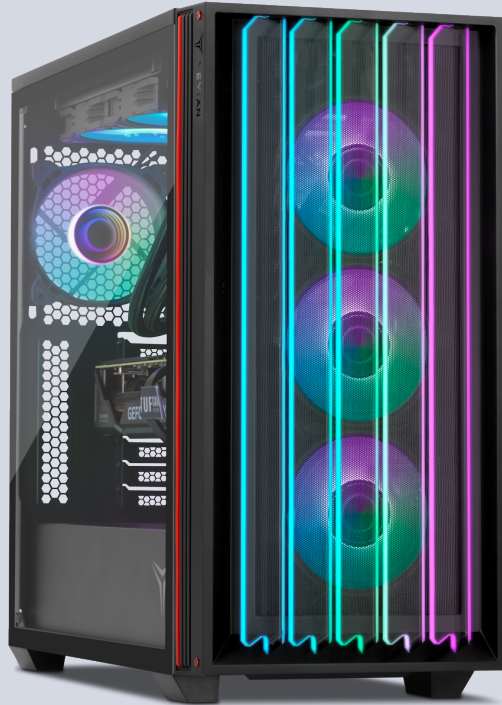

It has easy-to-use tools that can help you optimize screen space and maximize your productivity as well as captivating gaming experiences and stunning visuals.
