AI-Accelerated Performance
NVIDIA DLSS 3

The performance you crave with the efficiency you need

Intel® Core™ Ultra 7 desktop processor

Get legendary gaming and multitasking performance with newly developed cores

Up to **20 cores**
8 Performance-cores
12 Efficient-cores

Designed to Adapt

Take full control of your gaming setup. The Phoenix Mesh case offers a unique **interchangeable front panel**, letting you customize airflow direction to fit your gaming or content creation needs. Crafted from a **robust 0.6 mm metal chassis**, it provides long-lasting durability and sleek design, perfect for any **pre-built high-performance gaming PC**.

Efficient Cooling for Non-Stop Performance

Stay cool no matter the pressure. The **240mm AIO liquid cooler** and **6 RGB fans** provide efficient cooling to maintain your **high-performance gaming PC's** peak performance. Whether you're gaming or working on demanding creative tasks, your system will stay at optimal temperatures, ensuring you focus on winning and creating without worrying about overheating.

CREATE A UNIQUE EXPERIENCE

with Windows 11

Gaming, design, work, productivity.
No matter which are your needs, Windows 11 helps you with everything. Be the greatest on the battlefield or the best in your studio; with new tools and a peaceful atmosphere, **highlight everywhere you go.**
