

STAY COOL

Stay Competitive

VANT Yeyian Liquid Cooler System ARGB
360 mm | 240 mm | 120mm

MAINTAIN OPTIMAL COOLING PERFORMANCE WHILE ILLUMINATING YOUR GAMING

Elevate your gaming PC to extraordinary heights with this cooling solution that ensures your CPU remains cool even under the most demanding workloads.

ARGB
Illumination

Experience the mesmerizing ARGB lighting effects that transform your setup into a visual masterpiece, captivating anyone who lays eyes on it.

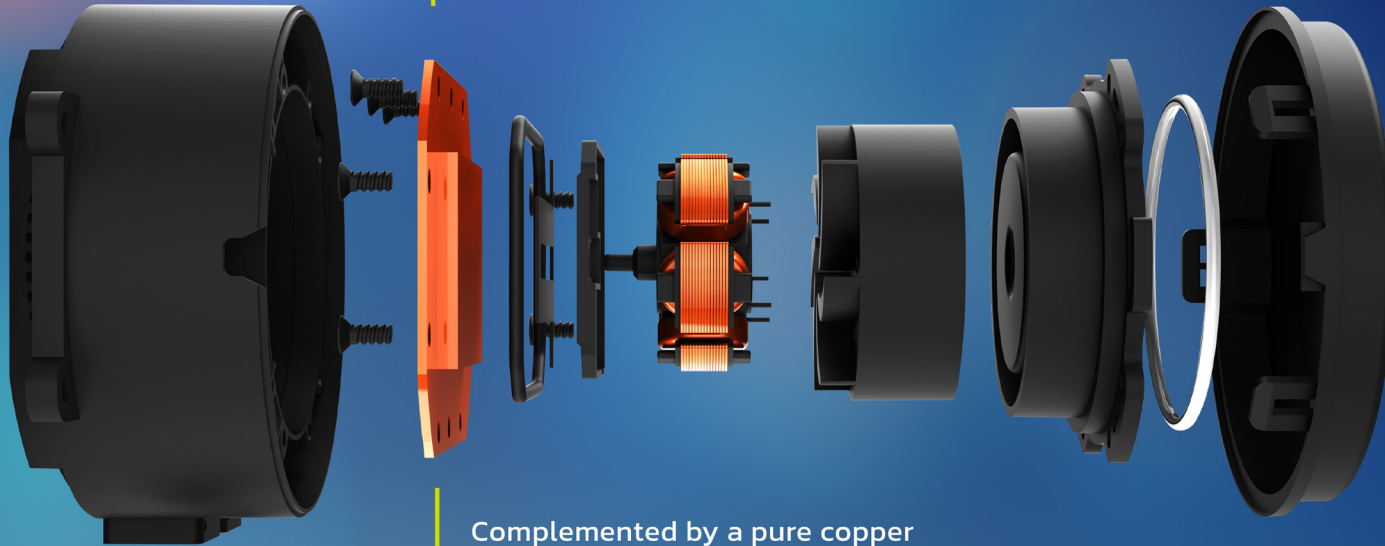

With its seamless installation, precise fan control, and exceptional performance, the Yeyian Liquid Cooler System ARGB VATN Series 360mm is the ultimate choice for enthusiasts and gamers seeking unparalleled cooling and stunning aesthetics.

ADVANCED PUMPING SYSTEM

At its core, a high-performance water pump ensures optimized heat dissipation, combining quiet operation and unobstructed flow for enhanced cooling.

This pump is the embodiment of beauty and power, reflecting an infinite light effect on its mirror surface while its ARGB Aperture enhances both aesthetics and installation.

Complemented by a pure copper base, this pump signifies comprehensive heat dissipation efficiency, making it an essential for gamers and content creators alike.

Elevate your system's cooling efficiency with the Yeyian Liquid Cooler System ARGB VATN Series 120mm.

With a pressure-resistant multi-layer sealed interface, leaks are a thing of the past, while the motor provides unwavering system power.

CORE COOLING INNOVATION

Coupled with a 27mm heat dissipation radiator and a 20mm thickness water channel, this cutting-edge core cooling technology ensures unparalleled efficiency in exchanging coolant heat.

Features expanded water storage capacity and an increased heat dissipation area.

PERFECT COMPATIBILITY, SUPERIOR PERFORMANCE

Intel users can enjoy effortless compatibility with Intel:

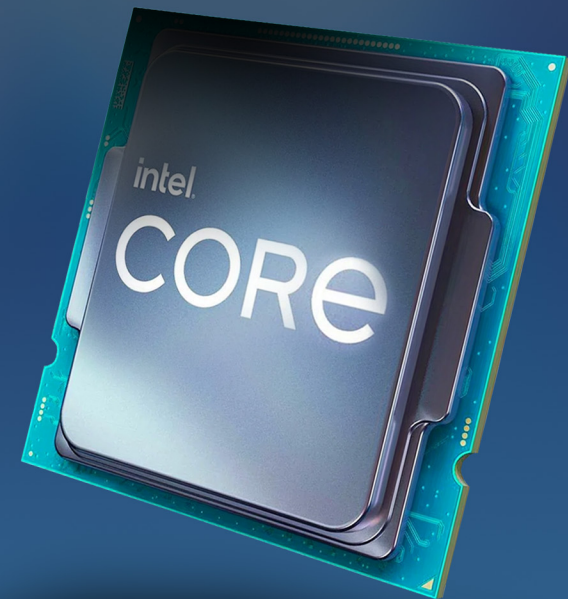

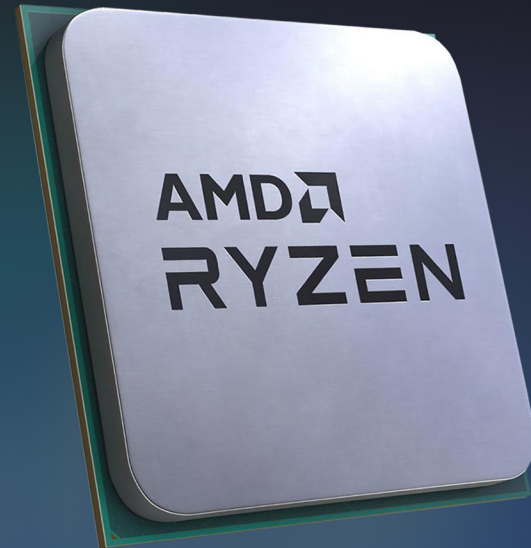

LGA115X/1700/2011/2011-V3/1200 sockets

providing optimal performance across various Intel processors.

AMD users can also rejoice as this cooler is compatible with:

AM2/AM3/AM4/AM5/FM1/FM2 sockets

offering unparalleled versatility for AMD CPU enthusiasts. Experience a cooling solution that effortlessly adapts to your system, regardless of your CPU choice.

UNMATCHED STYLE

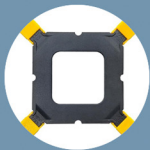

The Yeyian Liquid Cooler System ARGB VATN Series 120mm unveils an enchanting infinity mirror design. Prepare to be captivated by the aesthetics showcased in the liquid cooling head and fan axis. This meticulously crafted design not only adds a visually captivating element to your gaming PC but also supports synchronized transformations, casting a mesmerizing and harmonious visual experience that is truly a feast for the eyes.

VANT

Liquid Cooler System ARGB VATN Series 360mm

SPECIFICATIONS

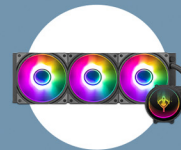

Model	YTT-360AL-01
Fan Type	3x PMW 4.72" Inches, Auto Adjustable, CPU Water Cooling System
Sockets	CPU Sockets Compatibility: Intel LGA115X/1700/2011/2011-V3/1200 AMD Socket AM2/AM3/AM4/AM5/FM1/FM2
Block Material	Copper with mirror finish
Radiator Material	Aluminum
Fan dimensions	4.72" x 4.72" x 0.98" Inches (120 x 120 x 25 mm) x 3
Radiator Size	15.6" x 4.7" x 1.06" Inches (397 x 120 x 27mm)
Fan Speed	800~2000 RPM \pm 10% (PWM)
Fan Air Flow	30~75 cfm
Noise Level	25~32 dBA
Tube Material	Low Evaporation Rubber
Additional characteristics	Rotating logo feature on water block
Content	Installation accessories for Intel and AMD, screws, thermal paste, User manual, Radiator, Fan x3
