

# GREAT VENTILATION GREAT LOOK

## TYPHOON

ARGB FANS, LIGHT STRIPS AND CONTROL KIT

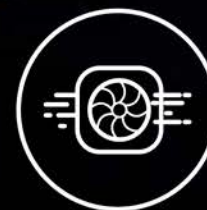

RGB GAMUT

LOW NOISE LEVEL

1300 RPM

GREAT AIRFLOW

## OPTIMIZED COOLING

Its 3 Double-ring 120 mm fans with ARGB lighting, are ready for you to set them up in cool colors and run your system cold, or set them up in hot colors and, well, still run your system cold.

Along with a max speed of 1300 RPM with a noise floor ceiling, for discreet cooling.

Maximum speed  
**1300 RPM**

**LOW  
NOISE**

**Discreet cooling**

## UNIQUE LIGHT EFFECT

The **YEYIAN Typhoon LII Master ARGB Fan Kit** allows you to enjoy the beautiful and cool RGB lighting effects in multiple colors. Add fun and a better gaming experience.

Control the colors and patterns of your fixture's lights with the included remote, or through software on your computer. The possibilities are endless!

### 11 ESTATIC COLORS

### 4 LIGHTING EFFECTS

### 4 BRIGHTNESS EFFECTS

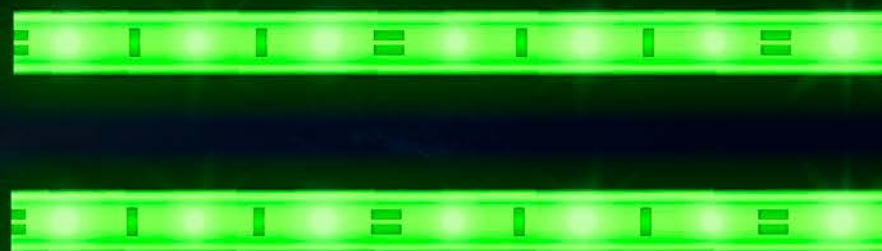

OFF

ON

## ENERGY EFFICIENT

With a **12Vcc-180 mA** energy draw from the fans and a **5Vcc-36 mA** draw from the strips all running directly through the hub and into your power source, the total energy draw stays regulated and won't overwork your PSU.

## HYDRAULIC BEARING WITH SILENT DESIGN

The hydraulic bearing is self-lubricating with a high quality friction-reducing substance, which lowers operating noise and improves thermal efficiency. The seal cap prevents leakage and extends the life of the unit.

Dual Ring RGB Lighting 120mm individually controlled ARGB LEDs for stunning visual effect.

HYDRAULIC BEARING

DOUBLE ARGB RING

# CONTROL IT ALL AT ONCE

Connect up to ten fans and two LED light strips into the included hub for maximum cooling potential, increased airflow and enhanced aesthetics.

9. MODE -

# TYPHOON

ARGB FANS, LIGHT STRIPS AND CONTROL KIT

## INCLUDES:

- 3 Double Ring 120mm Fans with ARGB Lighting.
- 2 LED ARGB strips with customizable colors and multiple syncing options.
- 1 hub with 10 fan connectors, 2 ARGB connectors and an energy connection.
- 1 ARGB controller for maximum customization options.

## SPECIFICATIONS

<b>Voltage</b>	Fans: 12Vcc---180mA / LED Stripes: 5Vcc---36mA
<b>Warranty</b>	US 12  MX 12   ESP 24
<b>Dimensions</b>	120 x 120 x 25mm
<b>Type</b>	Double Ring 120mm ARGB Fan
<b>Additional Characteristics</b>	Fitted with vibration reduction pads
<b>Fan Dimensions</b>	120 x 120 x 25mm
<b>Fan Speed</b>	1300 RPM +- 10%
<b>Fan Air Flow</b>	41.52 CFM +- 10%
<b>Static Fan Pressure</b>	0.79mm / H2O +- 10%
<b>Number of Fan Blades</b>	7
<b>Life Expentancy</b>	40,000 Hrs
<b>Voltage Output Adapter</b>	Controller: 5Vcc
<b>Operating Temperature</b>	-04°F - 140°F
<b>Infrared LED Distance</b>	26 Feet
<b>Noise Level</b>	24.8dB (A) 10%
<b>Bearing</b>	Hydraulic
<b>EAN</b>	7503030358644
